DEAN'S MESSAGE

Season's greetings to all! I am delighted to announce the forthcoming release of the School of Health Sciences' e-newsletter, "Swasthya Darpan." Our institution has been actively engaged in commendable endeavors across various domains. The School of Health Sciences is dedicated to delivering high-quality and comprehensive education, fostering an environment conducive to research and development.

Throughout the years, we have diligently built a cutting-edge infrastructure, well-equipped laboratories, a robust curriculum, student development initiatives, and innovative teaching methodologies. Our commitment extends beyond the academic realm, encompassing development of our students through internships, industry collaborations, and initiatives in innovation and entrepreneurship. These endeavors have been supported by a team of highly motivated and competent faculty and staff.

As we continue to invest our efforts in elevating our institution to international standards, it is equally important to celebrate our triumphs. "Swasthya Darpan" will serve as a conduit for disseminating the accomplishments of the school across all sections including our multi-talented students. I take immense pleasure in acknowledging our dynamic peers and students who have achieved significant milestones in their respective fields through this newsletter.

Dr. Gitumoni Konwar,
Professor and Dean, School of Health Sciences, KU

EDUCATIONAL TRIP TO ASSAM AGRICULTURAL UNIVERSITY, JORHAT, ASSAM ON 7TH AUG 2023

>>> EDUCATIONAL TRIP

One day Educational trip was organized by Department of Biotechnology, SHS, The Assam Kaziranga University, on 7 th August/2023 to visit various laboratory facilities of Assam Agricultural University, Jorhat, Assam. The tour was conducted as an exposure visit for the students of M.Sc. Biotechnology 3 rd sem, accompanied by faculty members, Dr. Lipika Khataniar and Dr. Geetanjali Baruah from Deptt. of Biotechnology.

>>> NATIONAL SEMINAR PARTICIPATION

Four poster presentations were done by alumni of the department under the guidance of Dr. Lipika Khataniar and Dr. Geetanjali Baruah from the department at the National seminar on Ethnopharmacy for Bioeconomy: The New Paradigm organised by CSIR-NEIST & Society for Ethnopharmacology, India on 28-30 Nov, 2023.

FACULTY ACHIEVEMENT

A total of three book chapters and three conference proceeding publications were done by Dr. Geetanjali Baruah, Assistant Professor of the department and students. The details of the book chapters are:

- 1. Big Omics Data and Medicinal Plants, Book: Omics Studies of Medicinal Plants** (eBook ISBN: 9781003179139) **Publisher:** CRC Press, United States
- 2. Different methods for nanomaterial-based immobilization of enzymes, Book: Antimicrobial Dressings** (ISBN: 978-0-323-95074-9), **Publisher:** Elsevier, Netherlands
- 3. Unfolding the Role of Beneficial Microbes and Microbial Techniques on Improvement of Sustainable Agriculture Under Climatic Challenges** **Book:** Microbial Symbionts and Plant Health: Trends and Applications for Changing Climate (Print ISBN: 978-981-99-0029-9) **Publisher:** Springer, Nature. Singapore

**CERTIFICATE
TO WHOM IT MAY CONCERN**

This is to certify that Manisha Hazarika, daughter of Anil Hazarika and Devajani Hazarika, a resident of Dakshin Chutiakari Gaon, P.O. Chaliha, Jorhat, Assam and an ex student of the Department of Biotechnology, The Assam Kaziranga University, Jorhat has successfully completed her one month Hands on training on "Collection, isolation and characterization of microflora from Tea and Rice soil samples" from 21.08.2023 to 21.09.2023 under the supervision of Dr. Geetanjali Baruah, Assistant Professor, Department of Biotechnology, School of Health Sciences, The Assam Kaziranga University, Jorhat. She is hard working & sincere and bears good moral character.

I wish her all the best for her future endeavours.

MLT STUDENTS CONDUCTING HEALTH CAMP ON WORLD HEALTH DAY" ON 03-04 FEB, 2023

➤➤➤ WORLD HEALTH DAY" ORGANIZED ON 03-04 FEBRUARY, 2023

The School of Health Sciences, Assam Kaziranga University planned to organize and celebrate the World Health Day on 3rd of April. The theme for this year was "Health for All" with the prime motto being, celebrating the advancements and achievements in the field of health and well being for the general public. It was celebrated in the university in order to promote the importance of health and well being among pupils with various programs and activities to educate pupils and propagate the message of health among them. It included health camps conducted by different departments of Health Sciences. The health camps served as a medium to generate awareness about health and its importance not only among pupils but also in the overall institution. We celebrated the World Health Day to ensure the importance of health and its beneficiaries worldwide.

FACULTY ACHIEVEMENTS

Abstract of book chapter got accepted in Springer, Nature from the department:

- **Goswami, K., Das, V., Sandilya, S.,** Biswas, S. (2023) Cellulase Enzymes: Transforming Lignocellulosic Waste into Sustainable Solutions" has been selected for our forthcoming book entitled "Biotechnological interventions in removal of emergent pollutant to be published by Springer nature.
